Study at VHL: Master of Agricultural Production Chain Management – Livestock Chains
in Wageningen

Graduated: 2009

Current job: Dairy Specialist

Functions:

- Strategic planning for the large stock unit (Beef and Dairy)
- Developing project proposals for livestock industry
- Providing Technical support to staff and farmers
- Supervision of officers in the unit
- Consulting stakeholders to solve industry issues (Beef and Dairy)
- Appraisal of livestock projects
- Providing advisory services

Relation to study at VHL:

The course Livestock Chains was very relevant to my job and acquired excellent skills and planning, organizing, and leading the unit. I am now a better strategist and have good analytical skills to contribute to improving the livestock policy framework for Zimbabwe.
